

Askari Safari- Ladies Only Safari

Fancy a Girls Trip with a difference?
Want a testosterone break?

Askari is offering a trip that is designed, planned and guided by a young lady who specializes in these unique adventures. They have proven to be a lot of fun for all who have experienced these in the past. Stay at luxury safari accommodations, have a spa experience in the wilderness. How cool is that? Enjoy excellent meals and fine wines surrounded by your girlfriends, go on a game drive and have a sundowner with an ice cold G&T, returning to camp and relaxing in your bubble bath which just happens to be ready and waiting for you. Skip the following day's game drive and chill in the spa, too good to be true, we are afraid not!

We offer these trips across all of Africa's major destinations and will absolutely customize your experience, you set the levels of comfort and expectations.
