During our stay in the Falls we will spend time at several different art galleries and tourist market places as well as visiting off the beaten track market places, schools and pick up the real African vibe.

From Victoria Falls we will make several forays into wildlife rich areas to capture spectacular scenery and majestic wildlife including the Zambezi and Hwange National Parks. You will get the chance to spend quality time absorbing the wilderness under the careful guidance of our professional guides.

After Hwange we will then travel south to the City of Bulawayo and visit artisan projects and spiritually significant areas such as the Matopos Hills.
